PROFILE

With nearly 3 years of hands-on experience in web development and a solid foundation from 5 years of education, I am a dedicated developer and UI specialist. I have a proven track record of creating intuitive and visually appealing interfaces that enhance user experience. My passion for fostering responsiveness and accessibility in the digital world drives my hard work and commitment.

Throughout my career, I've successfully collaborated with cross-functional teams, leveraging my diverse skill set to deliver innovative solutions. My proficiency in web development, coupled with a keen eye for user-centric design, has contributed to increased customer satisfaction and revenue growth in my previous roles. I am enthusiastic about climbing the ranks in the UX/UI domain, continuously expanding my knowledge, and contributing to the creation of more responsive and engaging digital experiences.

EXPERIENCE

Web Developer Orem
Utah Valley University

February 2023 - Present

- Led the planning, development, and maintenance of dynamic websites for the College of Health and Public Service, enhancing online presence and user engagement.
- Delivered effective troubleshooting and strategic recommendations to elevate the experience for existing web community members, resolving issues promptly.
- Engineered responsive websites with a personalized touch, employing custom CSS, JS, and PHP to optimize user interaction and visual appeal, resulting in enhanced user satisfaction and interaction.
- Operated autonomously and collaboratively in small-group settings, showcasing adaptability and a self-driven approach to achieve project goals efficiently.
- Adhered to established policies and procedures, ensuring the creation of websites consistently aligned with style guides, maintaining brand integrity across digital platforms.
- Transformed client requirements into tangible site designs and implementations, showcasing a keen ability to translate diverse needs into visually compelling and functional web solutions, ultimately exceeding client expectations.

IT Support Technician Orem
Utah Valley University

February 2021 - February 2023

- Pioneered the creation and implementation of streamlined systems, enhancing the organization and efficiency of our processes, resulting in a more productive workflow.
- Safeguarded the University's security infrastructure by maintaining outdated drives and machines, demonstrating a commitment to data integrity and a proactive approach to cybersecurity.
- Collaborated seamlessly with end users and co-workers in efficiently processing and fulfilling orders, contributing to a cohesive and responsive team environment.
- Played a pivotal role in diagnosing both software and hardware issues for old and new machines across the campus, showcasing a versatile skill set in basic IT support.
